Chertsey and Dorking Nursery Schools and Mole Valley Family Centre

Child Protection and Safeguarding Policy

September 2022

This document is based on guidance from KCSIE 2022 and Working Together to Safeguard Children 2018.

KCSIE highlights the importance of developing a safeguarding policy with all staff working with children within an education setting.

	Chertsey Nursery School (CNS)	Dorking Nursery School (DNS)	Mole Valley Family Centre (MVFC)

SURREY

Safeguarding Statement 2021

“It could happen here”

We recognise our moral and statutory responsibility to safeguard and promote the welfare of all children.

We make every effort to provide an environment in which children and adults feel safe, secure, valued and respected, and feel confident to talk if they are worried, believing they will be effectively listened to.

The purpose of this policy is to provide staff, volunteers and governors with the framework they need in order to keep children safe and secure in our school. The policy also informs parents and carers how we will safeguard their children whilst they are in our care.

Terminology

Safeguarding and promoting the welfare of children is defined as:

- protecting children from maltreatment;
- preventing impairment of children's health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care;
- taking action to enable all children to have the best outcomes.
- preventing impairment of children's mental or physical health or development

Child Protection is a part of safeguarding and promoting welfare. It refers to the activity that is undertaken to protect specific children who are suffering, or are likely to suffer, significant harm.

Early Help means providing support as soon as any needs emerge or are identified at any point in a child's life.

Staff refers to all those working for or on behalf of the school, full or part time, temporary or permanent, in either a paid or voluntary capacity.

Child(ren) includes everyone under the age of 18. On the whole, this will apply to pupils of our school; however the policy will extend to visiting children and students from other establishments

Parents refers to birth parents and other adults who are in a parenting role, for example step-parents, foster carers and adoptive parents.

Social Care refers to Children's Services in the area in which the child is resident, unless a child is a Child Looked After then this will be the Children's Services in their home authority.

School refers to the organisation of Chertsey and Dorking Nursery Schools and Mole Valley Family Centre.

MAP refers to the Surrey Multi-Agency Partnership.

C-SPA refers to the Children's Single Point of Access and the Child Protection Consultation Line.

DSL where appropriate also refers to the Deputy Designated Safeguarding Lead (DDSL)

Introduction

This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004; the Education Act 2002 (as amended), the Education (Independent School Standards) Regulations 2014, the Non-Maintained Special Schools (England) Regulations 2015 and the Apprenticeships, Skills, Children and Learning Act 2009 (as amended).

All action taken by Chertsey and Dorking Nursery Schools and Mole Valley Family Centre will be in accordance with:

Statutory, national, and local guidance – this includes:

- Working Together to Safeguard Children (2018) which sets out the multi-agency working arrangements to safeguard and promote the welfare of children and young people and protect them from harm; in addition, it sets out the statutory roles and responsibilities of settings.
- 'What to do if you are Worried a Child is Being Abused' 2015 - Advice for Practitioners
- Keeping Children Safe in Education (KCSIE, 2022) is statutory guidance issued by the Department for Education (DfE) which all schools and colleges must have regard to when carrying out their duties to safeguard and promote the welfare of children.
- Early Years Foundation Stage statutory framework (2021) is statutory guidance which sets standards that school and childcare providers must meet for the learning, development, and care of children from birth to 5 years in Ofsted registered settings. [DELETE IF NOT APPROPRIATE]
- Local Guidance from the Local Safeguarding Partnership: Surrey Safeguarding Children Partnership (SSCP) including SSCP Procedures..

This policy applies to all members of staff and Governors in the setting.

Guidance and documents referred to in this policy:

- Surrey Safeguarding Children Partnership protocols, guidance and procedures
- Working Together to Safeguard Children 2018
- Keeping children safe in education 2022
- Disqualification under the Childcare Act 2006 (updated 2019)
- FGM Act 2003 Mandatory Reporting Guidance 2015 (updated January 2020)
- 'What to do if you are worried a child is being abused' 2015
- Teachers' standards
- Information sharing advice for safeguarding practitioners
- The Equality Act 2010
- Early years foundation stage (EYFS) statutory framework
- SCC Safeguarding Children Missing Education (CME) and Educated Other Than at School (EOTaS) – available on Surrey Education Services (Education Safeguarding Team Resources Hub)

- SCC Touch and The Use Of Physical Intervention When Working With Children And Young People – available on [Surrey Education Services \(Education Safeguarding Team Resources Hub\)](#)

This policy should be read in conjunction with the following policies:

- Recruitment and Selection
- Whistleblowing
- Staff behaviour
- Behaviour
- Online Safety
- Attendance
- Health & Safety

Equalities Statement

With regards to safeguarding we will consider our duties under the [Equality Act 2010](#) and our general and specific duties under the [Public Sector Equality Duty](#). General duties include:

Eliminate discrimination, harassment, victimisation, and other conduct that is prohibited by the Equality Act 2010.

Advance equality of opportunity between people who share a protected characteristic and people who do not share it.

Foster good relations across all protected characteristics between people who share a protected characteristic and people who do not share it.

Staff are aware of the additional barriers to recognising abuse and neglect in children with Special Educational Needs and Disabilities (SEND). This will be in line with our Special Educational Needs and Disability Policy.

We also adhere to the principles of and promotes anti-oppressive practice in line of the [United Nations Convention of the Rights of the Child](#) and the [Human Rights Act 1998](#).

Policy Aims

The aims of these procedures are:

- To provide staff with the framework to promote and safeguard the wellbeing of children and in doing so ensure they meet their statutory responsibilities.
- To ensure consistent good practice across the setting and ensure that safeguarding follows a whole setting approach.
- Clarifying safeguarding expectations for members of the setting's community, staff, Governing body, children, and their families.
- Contributing to the establishment of a safe, resilient, and robust safeguarding culture in the setting built on shared values; that children are treated with respect and dignity, taught to treat each other and staff with respect, feel safe, have a voice and are listened to.

- Supporting contextual safeguarding practice recognising that the setting's site can be a location where harm can occur.
- Setting expectations for developing knowledge and skills within the setting's community (staff, children, parents/carers) to the signs and indicators of safeguarding issues and how to respond to them.
- Early identification of need for vulnerable learners and provision of proportionate interventions to promote their welfare and safety.
- Working in partnership with children, parents/carers, and other agencies in the Surrey Safeguarding Children's Partnership.

Policy Principles and Values

- The welfare of the child is paramount
- Maintain an attitude of "It could happen here"
- Maintain a "zero-tolerance" approach to sexual violence and sexual harassment.
- Children have a right to feel safe and secure, they cannot learn effectively unless they do so.
- All children have a right to be protected from harm and abuse.
- All staff have a role in the prevention of harm and abuse and an equal responsibility to act immediately on any suspicion or disclosure that may indicate a child is at risk of harm, either in the setting or in the community, taking into account contextual safeguarding, in accordance with statutory guidance.
- We acknowledge that working in partnership with other agencies protects children and reduces risk and so we will engage in partnership working to protect and safeguard children.
- Whilst the setting will work openly with parents/carers as far as possible, it reserves the right to contact social care or the police, without notifying parents/carers if this is believed to be in the child's best interests.
- We will always act in the best interests of the child and ensure that our decisions around safeguarding take a child-centred and coordinated approach.

Supporting Children

The setting will support all children:

The setting may provide a safe place and stability in the lives of children who have been abused or who are at risk of harm. The setting recognises that a child who is abused or witnesses abuse and/or violence may feel helpless and humiliated, may blame themselves, and find it difficult to develop and maintain a sense of self-worth. Research shows that the behaviour of a child in these circumstances may range from that which is perceived to be normal to aggressive or withdrawn.

Promote a caring, safe and positive environment within the setting.

Encourage self-esteem and self-assertiveness, through the curriculum and through positive relationships within the setting community.

Ensure children are taught to understand and manage risk through Personal, Social and Emotional Development and Health Education through all aspects of setting life, including staying safe online.

Respond sympathetically to any requests for time out to deal with distress and/or anxiety.

Offer details of helplines, counselling, or other avenues of external support.

Liaise and work in partnership with other support services and agencies involved in early help and the safeguarding of children.

Notify social care without delay if there is an immediate risk of significant harm.

Provide continuing support to children about whom there have concerns and who leave the setting by ensuring that information is shared confidentially with the child's new setting. The setting will ensure records are forwarded as a matter of priority and within statutory timescale.

The setting recognises it plays a significant part in the prevention of harm to our children by providing children with good lines of communication with trusted adults, supportive friends and an ethos of protection.

The setting will:

Establish and maintain an ethos where children feel safe and secure, are encouraged to talk and are always listened to.

Include regular consultations and conversations with children as appropriate to their age and development.

Ensure that all children know they can access a trained adult in the setting whom they can approach if they are worried or in difficulty.

Include safeguarding across the curriculum, including PSED opportunities which equip children with the skills they need to keep themselves and other safe, including online and to know to whom they should turn to for help. It is also recognised that effective education

will be tailored to the specific needs and vulnerabilities of individual children, including children who are victims of abuse, and children with special education needs or disabilities.

Provide preventative education by creating a culture of zero tolerance for sexism, misogyny/ Misandry, homophobia, biphobia and sexual violence and sexual harassment.

Ensure all staff are aware of the setting's guidance for their use of mobile technology and have discussed safeguarding issues around the use of mobile technologies and their associated risks.

Professional expectations, roles, and responsibilities

Role of the setting

The setting will ensure that:

The setting operates safer recruitment procedures in line with KCSIE 2022 which includes statutory checks on the suitability of staff to work with children.

All staff receive information about the setting safeguarding arrangements, the setting's staff behaviour policy, Safeguarding and Child Protection policy, the role and names of the Designated Safeguarding Lead (DSL) and their deputy Designated Safeguarding Lead (DDSL), and Keeping Children Safe in Education 2022 part 1 and annex B. All staff will use CPOMS to say they have read and understood it. This applies to the Governing body in relation to part 2 of the same guidance who will sign to say they have read and understood it.

All staff receive safeguarding and child protection training (including online safety) at induction in line with advice from SSCP. Training is regularly updated as required, and at least annually to continue to provide them with relevant skills and knowledge to safeguard children effectively.

All members of staff are trained in and receive regular updates in online safety and reporting concerns.

All members of staff maintain a zero-tolerance approach to sexual violence and sexual harassment.

All staff and Governors have regular safeguarding and child protection awareness training, updated by the DSL as appropriate, to maintain their understanding of the signs and indicators of abuse.

The Safeguarding and Child Protection Policy is made available via the setting website and a paper copy is available upon request for parents/carers.

All parents/carers are made aware of the responsibilities of staff members with regard to safeguarding and child protection procedures

Provide a coordinated offer of early help when additional needs of children are identified and contribute to early help arrangements and inter-agency working and plans.

The setting's lettings policy will seek to ensure the suitability of adults working with children on the setting site at any time and ensure that any groups who use the setting's premises have Safeguarding and Child Protection policies and procedures in place.

Community users organising activities for children are aware of the setting's Safeguarding and Child Protection Policy, guidelines and procedures.

The name of the designated members of staff for safeguarding and child protection, the DSL and DDSL(s), are clearly advertised in the setting.

Roles and Responsibilities

All Staff:

Maintain an attitude of "It could happen here" with regards to safeguarding.

Understand that safeguarding is "everyone's responsibility".

Maintain a "zero-tolerance" approach to sexual violence and sexual harassment.

Read and understand Part 1 of statutory guidance KCSIE (2022). Those working directly with children will also read Annex B. Those who do not work directly with children will read Annex A.

In addition to this all staff will be aware of the systems in place which support safeguarding including reading this Safeguarding and Child Protection Policy; the Behaviour Policy; the Staff Behaviour Policy; safeguarding response to children who go missing from education; and the role of the DSL.

Know who and how to contact the DSL and DDSL, the Chair of Governors and the Governor responsible for safeguarding.

Be aware of indicators of abuse and neglect understanding that children can be at risk of harm inside and outside of the setting, inside and outside of home and online. Exercising professional curiosity and knowing what to look for is vital for the early identification of abuse and neglect so that staff are able to identify cases of children who may be in need of help or protection.

Be able to identify vulnerable learners and take action to keep them safe. Information or concerns about learners will be shared with the DSL where it includes those:

- who may need a social worker and may be experiencing abuse or neglect
- requiring mental health support
- may benefit from early help
- where there is a radicalisation concern
- where a crime may have been committed

Provide a safe environment in which children can learn.

Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to.

Ensure children know that there are adults in the setting who they can approach if they are worried or have concerns.

All staff are aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Ensure only appropriately trained professionals attempt to make a diagnosis of a mental health problem. Staff, however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

Take immediate action if they have a mental health concern about a child that is also a safeguarding concern, following our Safeguarding and Child Protection Policy and procedures.

Plan opportunities within the curriculum for children to develop the skills they need to assess and manage risk appropriately and keep themselves safe.

Attend training in order to be aware of and alert to the signs of abuse and neglect.

Know how to respond to a child who discloses harm or abuse following training of 'Working Together to Safeguard Children' (2018), and 'What to do if you are worried a child is being abused' (2015).

Record their concerns if they are worried that a child is being abused and report these to the DSL immediately that day. If the DSL is not contactable immediately a DDSL should be informed.

Be prepared to refer directly to the Children's Single Point of Access (C-SPA), and the Police if appropriate, if there is a risk of significant harm and the DSL or their DDSL is not available.

Follow the allegations procedures, as set out in this policy and KCSIE 2022, if the disclosure is an allegation against a member of staff, supply staff, volunteer or contactor.

Report low-level concerns (as defined in KCSIE 2022) about any member of staff/supply staff/volunteer or contractor in line with the Whistleblowing Policy.

Provide support for children subject to early help, child in need or child protection and be involved where appropriate, in the implementation of individual plans to further safeguard vulnerable learners and understand their academic progress and attainment and maintain a culture of high aspirations for this cohort.

A member of staff who is approached by a child should listen positively and try to reassure them. They cannot promise complete confidentiality and should explain that they need to pass information to other professionals to help keep the child and/or other children safe. The degree of confidentiality should always be governed by the need to protect the child.

Notify the DSL or their DDSL of any child on a child protection plan or child in need plan who has unexplained absence.

Understand early help and be prepared to identify and support children who may benefit from early help. Liaise with other agencies that support children and provide early help.

Be aware that children may not feel ready or know how to tell someone they are being abused, exploited, or neglected, and/or they may not recognise these experiences as harmful. This could be due to their vulnerability, disability and/or sexual orientation or language barriers.

Be mindful that the Teacher Standards states that teachers should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties.

The Executive Headteacher

In addition to the role and responsibilities of all staff the Executive Headteacher will ensure that:

The school fully contributes to inter-agency working in line with Working Together to Safeguard Children 2018 guidance.

The Safeguarding and Child Protection Policy and procedures are implemented and followed by all staff

The school has appropriate policies in place that make it clear that sexual harassment, online abuse and sexual violent (including sexualised language) is unacceptable with appropriate sanctions and support in place.

That the school staff have appropriate knowledge of part 1 of KCSIE guidance.

All staff are aware of the role of the designated safeguarding lead (DSL), including the identity of the DSL and any deputies.

That all children are supported to report concerns about harmful sexual behaviour freely. That concerns are taken seriously and dealt with swiftly and appropriately, and children are confident that this is the case. Comprehensive records of all allegations are kept.

Sufficient time, training, support, funding, resources, including cover arrangements where necessary, is allocated to the DSL to carry out their role effectively, including the provision of advice and support to school staff on child welfare and child protection matters, to take part in strategy discussions/meetings and other inter-agency meetings and/or support other staff to do so; and to contribute to the assessment of children.

That opportunities are provided for a co-ordinated offer of early help when additional needs of children are identified.

Deputy DSLs are trained to the same standard as the DSL and the role is explicit in their job description.

Adequate and appropriate DSL cover arrangements are in place for any out of hours/out of term activities.

Where there is a safeguarding concern that the child's wishes and feelings are taken into account when determining what action to take and what services to provide.

Child-centred systems and processes are in place for children to express their views and give feedback.

All staff feel able to raise concerns about poor or unsafe practice and that such concerns are handled sensitively and in accordance with the whistle-blowing procedures.

Children are provided with opportunities throughout the curriculum to learn about safeguarding, including keeping themselves safe online.

That allegations or concerns against staff are dealt with in accordance with guidance from the Department for Education (DfE), Surrey Safeguarding Children Partnership (SSCP) and Surrey County Council (SCC).

That statutory requirements are met to make a referral to the Disclosure and Barring Service and additionally in the case of teaching staff the Teacher Regulation Agency where they think an individual has engaged in conduct that harmed (or is likely to harm) a child; or if the person otherwise poses a risk of harm to a child.

Record "low level" concerns in cases which concern a member of staff, contractor or volunteer. The record should include details of the concern, the context in which the concern arose, and action taken. The name of the individual sharing their concerns should also be noted, if the individual wishes to remain anonymous then that will be respected as far as reasonably possible.

The Designated Safeguarding Lead:

In addition to the role and responsibilities of all staff the DSL will:

Hold the lead responsibility for safeguarding and child protection (including online safety) in the school, this responsibility is not able to be delegated.

Have an "it could happen here" approach to safeguarding.

Liaise with the local authority and work in partnership with other agencies in line with WTSC.

Manage and submit a Request for Support Form for a child if there are concerns about suspected harm or abuse, to the Children's Single Point of Access (C-SPA), and act as a point of contact and support for school staff. Requests for support should be made securely by email to cspa@surreycc.gov.uk using the Request for Support Form urgent referrals should be made by telephone 0300 470 9100 (and ask for the priority line).

Report concerns that a pupil may be at risk of radicalisation or involvement in terrorism, following the Prevent referral process and use the Prevent referral form to refer cases by e-mail to preventreferrals@surrey.pnn.police.uk . If the matter is urgent then Police must be contacted by dialling 999. In cases where further advice from the Police is sought dial 101 or 01483 632982 and ask to speak to the Prevent Supervisor for Surrey. The

Department of Education has also set up a dedicated telephone helpline for staff and governors to raise concerns around Prevent (020 7340 7264).

Refer cases where a crime may have been committed to the Police as required.

Liaise with the “case manager” and Local Authority Designated Officer for child protection concerns in cases which concern a member of staff or a volunteer; and refer cases where a person is dismissed or left service due to risk/harm to a child to the Disclosure and Barring Service and Teaching Regulation Agency, as required.

Follow DfE and KCSIE guidance on ‘~~Peer on Peer~~ /Child on Child Abuse’ when a concern is raised that there is an allegation of a pupil abusing another pupil within the school.

Liaise with the “case manager” and Local Authority Designated Officer (LADO) for child protection concerns in cases which concern a member of staff/supply staff/contractor or a volunteer; and refer cases where a person is dismissed or left service due to risk/harm to a child to the Disclosure and Barring Service and Teaching Regulation Agency, as required.

When there has been a report of sexual violence, make an immediate risk and needs assessment. Additionally, where there has been a report of sexual harassment, the need for a risk assessment should be considered on a case-by-case basis and will be put in place as required.

Be available during term time (during school hours) for staff in school to discuss any safeguarding concerns. Appropriate and adequate cover arrangements will be arranged by the DSL and the school leadership for any out of hours/term activities.

Act as a source of support and expertise in carrying out safeguarding duties for the whole school community.

Ensure that the names of the DSL and DDSL, are clearly advertised, with a statement explaining the setting’s role in referring and monitoring cases of suspected abuse.

Encourage and promote a culture of listening to children and taking account of their wishes and feelings, amongst all staff.

Access training and support to ensure they have the knowledge and skills required to carry out the role.

Have a secure working knowledge of SSCP procedures and understand the assessment process for providing early help and statutory intervention, including the local authority levels of need criteria and referral arrangements.

Have a clear understanding of access and referral to the local early help offer and will support and advise members of staff where early help intervention is appropriate.

Have a working knowledge of how Surrey Country Council conduct an initial child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so.

Understand the lasting impact that adversity and trauma can have, including on the children's behaviour, mental health and wellbeing, and what is needed in responding to this in promoting educational outcomes.

Understand and support the school delivery with regards to the requirements of the Prevent duty and provide advice and guidance to staff on protecting children from radicalisation.

Liaise with school staff (especially pastoral support, behaviour leads, school health colleagues and the SENDCO) on matters of safety and safeguarding and consult the SSCP Levels of Need document to inform decision making and liaison with relevant agencies.

Be alert to the specific needs of children in need, those with SEND and young carers.

Understand the risks associated with online activity and be confident that they have the up to date knowledge and capability to keep children safe whilst they are online at school; in particular understand the additional risks that children with SEND face online and the associated and appropriate support they require.

DSL training should be updated at least every two years and their knowledge and skills refreshed at regular intervals but at least annually.

Work with the Headteacher/Principal and relevant strategic leads, taking lead responsibility for promoting educational outcomes by knowing the welfare, safeguarding and child protection issues that children in need are experiencing, or have experienced, and identifying the impact that these issues might be having on children's attendance, engagement and achievement at the setting.

Keep detailed, accurate records (either written or using appropriate secure online software), that include all concerns about a child even if there is no need to make an immediate referral and record the rationale for decisions made and action taken.

Ensure that an indication of the existence of the additional child protection file is marked on the pupil school file record.

Ensure that when a child transfers setting (including in-year), their safeguarding/child protection file is passed to the new setting as soon as possible, and within 5 days for an in-year transfer or within the first 5 days of the start of a new term. This should be transferred separately from the main pupil file, ensuring secure transit, and confirmation of receipt should be obtained.

If the transit method requires that a copy of the Child Protection file is retained until such a time that the new school acknowledges receipt of the original file, the copy should be securely destroyed on confirmation of receipt.

Ensure that where a pupil transfers school and is on a child protection plan or is a child looked after, their information is passed to the new school immediately and that the child's social worker is informed. In addition, consideration should be given to a multi-agency schools transition meeting if the case is complex or on-going.

Ensure that all appropriate staff members have a working knowledge and understanding of their role in case conferences, core groups and other multi-agency planning meetings, to ensure that they attend and are able to effectively contribute when required to do so; where a report is required, this should be shared with the parents prior to the meeting.

Report to the Headteacher any significant issues for example, use of the SSCP multi-agency escalation procedures, enquiries under section 47 of the Children Act 1989 and police investigations. This should include being aware of the requirement for children to have an Appropriate Adult. Further information can be found in the Statutory guidance - PACE Code C 2019.

Ensure that the case holding Social Worker is informed of any child currently with a child protection plan who is absent without explanation.

Ensure that all staff sign to say they have read, understood and agree to work within the School's child protection policy, staff behaviour policy (code of conduct) and Keeping Children Safe in Education (KCSIE) Part 1 and annex B and ensure that the policies are used effectively.

Organise child protection and safeguarding induction, regularly updated training and a minimum of annual updates (including online safety) for all school staff, keep a record of attendance and address any absences.

Ensure each member of staff has access to, and understands, the settings Safeguarding and Child Protection policy procedures, especially new and part-time staff.

Ensure that in collaboration with the school leadership and governors, the child protection policy is reviewed annually and the procedures and implementation are updated and reviewed regularly.

Ensure that the Safeguarding and Child Protection Policy is available publicly and that parents are aware that referrals about suspected harm and abuse will be made and the role of the school in this.

Promote supportive engagement with parents and/or carers in safeguarding and promoting the welfare of children, including where families may be facing challenging circumstances.

Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children who have or have had a social worker are experiencing with teachers and leadership staff.

Establish and maintain links with the Local Authority safeguarding partners to make sure staff are aware of training opportunities and the latest policies on local safeguarding arrangements.

Contribute to and provide, with the Headteacher and Chair of Governors, the biennial (s157 s175) Statutory Audit for Safeguarding Arrangements and Termly Safeguarding Data Collections via The Virtual College – ENABLE to Surrey County Council.

The Deputy Designated Safeguarding Lead(s):

In addition to the role and responsibilities of all staff the Deputy DSL will:

Be trained to the same standard as the Designated Safeguarding Lead and the role is explicit in their job description.

Provide support and capacity to the DSL in carrying out delegated activities of the DSL; however, the lead responsibility of the DSL cannot be delegated.

In the absence of the DSL, carries out the activities necessary to ensure the ongoing safety and protection of children. In the event of the long-term absence of the DSL the deputy will assume all of the functions above.

All members of The Governing Body understand and fulfil their responsibilities to ensure that:

There is a whole school approach to safeguarding, involving everyone in the setting and ensuring that safeguarding, and child protection are at the forefront and underpin all relevant aspects of process and policy development.

The Governing Body will ensure that all members receive appropriate safeguarding and child protection (including online) training at induction. This training should equip them with the knowledge to provide strategic challenge to test and assure themselves that the safeguarding policies and procedures in place in the setting are effective and support the delivery of a robust whole setting approach to safeguarding. Training should be regularly updated.

The child's wishes and feelings are considered when determining what action to take and what services to provide.

The school has effective safeguarding policies and procedures including a Child Protection Policy, a Staff Behaviour Policy, a Behaviour Policy and a response to children who go missing from education.

Policies are consistent with Surrey Safeguarding Children Partnership (SSCP) and statutory requirements, are reviewed annually and that the Child Protection policy is available on the school website.

The SSCP is informed in line with local requirements about the discharge of duties via the Biennial (s 157 s 175) Statutory Audit for Safeguarding Arrangements and Termly Safeguarding Data Collections via The Virtual College – ENABLE to Surrey County Council.

The school operates a safer recruitment procedure that includes statutory checks on staff suitability to work with children and disqualification by association regulations and by ensuring that there is at least one person on every recruitment panel who has completed safer recruitment training, if there is not a panel conducting interviews then the individual will have completed the safer recruitment training.

At least one member of the governing body has completed safer recruitment training to be repeated every five years.

Staff have been trained appropriately and this is updated in line with guidance and all staff have read Keeping Children Safe in Education part 1 and Annex B and that mechanisms are in place to assist staff in understanding and discharging their roles and responsibilities as set out in the guidance.

Ensure that, as part of the requirement for staff to undergo regular updated safeguarding training, including online safety and the requirement to ensure children are taught about safeguarding, is integrated, aligned, and considered as part of the whole setting safeguarding approach and wider staff training and curriculum planning.

Consider the above training requirements, Governing bodies/Proprietors/Management Committee should have regard to the Teachers' Standards which set out the expectation that all teachers manage behaviour effectively to ensure a good and safe educational environment and requires teachers to have a clear understanding of the needs of all children.

All staff including temporary staff and volunteers are provided with the school's child protection policy and staff behaviour policy.

Take a proportionate risk-based approach to the level of information that is provided to temporary staff, volunteers and contractors.

The school has procedures for dealing with allegations of abuse against staff (including the Headteacher), volunteers and against other children and that a referral is made to the DBS and/or the Teaching Regulation Agency (as applicable) if a person in regulated activity has been dismissed or removed due to safeguarding concerns, or would have had they not resigned.

Policies and processes are in place to deal with concerns (including allegations) which do not meet the harm threshold or low level concerns as defined in KSCIE 2022.

A nominated governor for safeguarding is identified.

A member of the senior leadership team has been appointed by the Governing Body as the Designated Safeguarding Lead (DSL) who will take lead responsibility for safeguarding and child protection and that the role is explicit in the role holder's job description.

On appointment, the DSL and deputy(s) undertake interagency training (SSCP Foundation Modules 1&2) and also undertake DSL 'New to Role' and 'Update' training every two years as well as attending DSL network events, to refresh knowledge and skills.

Children are taught about safeguarding (including online safety) as part of a broad and balanced curriculum covering relevant issues through personal, social, health and economic education (PSED). The governors, proprietors and school will ensure application filters and monitoring systems are in place to safeguard children online.

The school will comply with DfE and Surrey County Council Children Missing Education requirements.

The school will comply with regular data returns requested by the Local Authority, regarding all pupils, of statutory school age, attending alternative provision and/or on a reduced or modified timetable

Clear systems and processes in place for identifying possible mental health problems, including routes to escalate and clear referral and accountability systems.

Ensure that safeguarding and child protection files are maintained as set out in KCSIE 2022 Annex C.

Enhanced DBS checks (without barred list checks, unless the governor is also a volunteer at the school) are in place for all Governors.

Any weaknesses in Safeguarding are remedied immediately.

Ensure where Governing bodies hire or rent out the school premises to organisations or individuals (for example to community groups, sports associations, and service providers to run community or extra-curricular activities) they should ensure that appropriate arrangements are in place to keep children safe.

Confidentiality and Sharing and with holding Information

All matters relating to child protection will be treated as confidential and only shared as per the 'Information Sharing Advice for Practitioners' (DfE 2018) guidance.

The school will refer to the guidance in the in the data protection: toolkit for schools - <https://www.gov.uk/government/publications/data-protection-toolkit-for-schools> guidance to support schools with data protection activity, including compliance with the GDPR.

Information will be shared with staff within the school who 'need to know'. Relevant staff have due regard to Data Protection principles which allow them to share (and withhold) information.

All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children and that the Data Protection Act 1998 and General Data Protection Regulations are not a barrier to sharing information where a failure to do so would place a child at risk of harm. There is a lawful basis for child protection concerns to be shared with agencies who have a statutory duty for child protection.

All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or wellbeing. However, staff are aware that matters relating to child protection and safeguarding are personal to children and families, in this respect they are confidential and the Headteacher or DSLs will only disclose information about a child to other members of staff on a need to know basis.

All staff will always undertake to gain parent/carers consent to refer a child to Social Care unless to do so could put the child at greater risk of harm, or impede a criminal investigation.

Child Protection Procedures

The following procedures apply to all staff working in the school and will be covered by training to enable staff to understand their role and responsibility.

The aim of our procedures is to provide a robust framework which enables staff to take appropriate action when they are concerned that a child is being harmed or abused or is at risk of harm or abuse.

The prime concern at all stages must be the interests and safety of the child. Where there is a conflict of interest between the child and an adult, the interests of the child must be paramount.

All staff are aware that very young children and those with disabilities, special needs or with language delay may be more likely to communicate concerns with behaviours rather than words. Additionally, staff will question the cause of knocks and bumps in children who have limited mobility.

If a member of staff suspects abuse, spots signs or indicators of abuse, or they have a disclosure of abuse made to them they must:

1. Make an initial record of the information related to the concern either using paper documents or CPOMS.
2. Report it to the DSL immediately.
3. The DSL will consider if there is a requirement for immediate medical intervention, however urgent medical attention should not be delayed if the DSL is not immediately available.
4. Make an accurate record (which may be used in any subsequent court proceedings) as soon as possible and within 24 hours of the occurrence, of all that has happened, including details of:

Dates and times of their observations
Dates and times of any discussions in which they were involved.
Any injuries
Explanations given by the child / adult
Rationale for decision making and action taken
Any actual words or phrases used by the child

5. The records must be signed and dated by the author if handwritten or logged on CPOMS.
6. In the absence of the DSL or their Deputy, staff must be prepared to refer directly to C-SPA (and the police if appropriate) if there is the potential for immediate significant harm

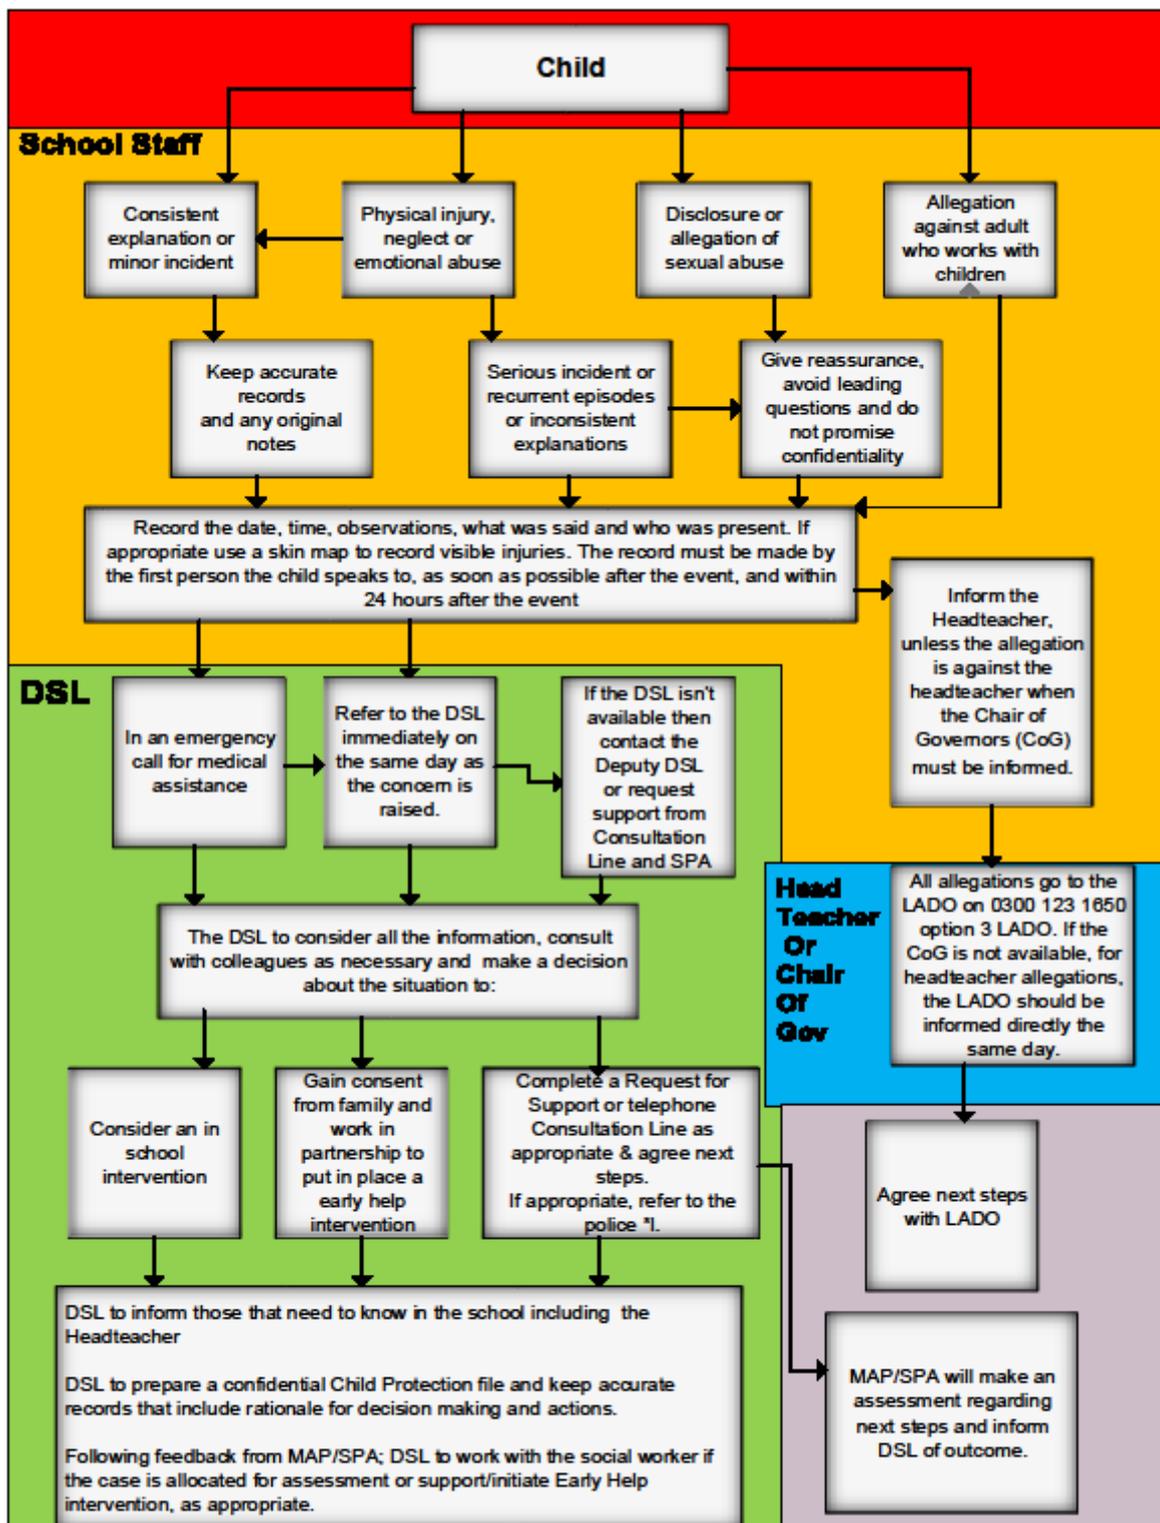

Following a report of concerns the DSL must:

1. Using the SSCP Levels of Need, decide whether or not there are sufficient grounds for suspecting significant harm, in which case a request for support must be made to the SAP and the police if it is appropriate.
2. Normally the school should try to discuss any concerns about a child's welfare with the family and where possible to seek their agreement before making a referral to the C-SPA. However, this should only be done when it will not place the child at increased risk or could impact a police investigation. The child's views should also be considered.

If there are grounds to suspect a child is suffering, or is likely to suffer, significant harm or abuse the DSL must contact the C-SPA. By sending a Request for Support Form by secure email to: csmash@surreycc.gov.uk or contact the C-SPA consultation line on 0300 470 9100 to discuss the concerns. If a child is in immediate danger and urgent protective action is required, the Police (dial 999) must be called. The DSL must also notify the C-SPA of the occurrence and what action has been taken

3. If the DSL feels unsure about whether a referral is necessary they can phone the C-SPA to discuss concerns
4. If there is not a risk of significant harm, the DSL will either actively monitor the situation or consider offering early help.
5. Where there are doubts or reservations about involving the child's family, the DSL should clarify with the C-SPA or the police whether the parents should be told about the referral and, if so, when and by whom. This is important in cases where the police may need to conduct a criminal investigation.
6. When a pupil is in need of urgent medical attention and there is suspicion of abuse the DSL or their Deputy should take the child to the accident and emergency unit at the nearest hospital, having first notified the C-SPA. The DSL should seek advice about what action the C-SPA will take and about informing the parents, remembering that parents should normally be informed that a child requires urgent hospital attention.
7. The exception to this process will be in those cases of known FGM where there is a mandatory requirement for the teacher to report directly to the police. The DSL should also be made aware.

Child Protection Procedures Flowchart

* In the cases of known FGM, the teacher who was made aware will also make contact with the police

Dealing with disclosures

All staff

A member of staff who is approached by a child should listen positively and try to reassure them. They cannot promise complete confidentiality and should explain that they may need to pass information to other professionals to help keep the child or other children safe. The degree of confidentiality should always be governed by the need to protect the child.

Additional consideration needs to be given to children with communication difficulties and for those whose preferred language is not English. It is important to communicate with them in a way that is appropriate to their age, understanding and preference.

All staff should know who the DSL is and who to approach if the DSL is unavailable. All staff have the right to make a referral to the C-SPA or Police directly and should do this if, for whatever reason, there are difficulties following the agreed protocol, for example, they are the only adult on the school premises at the time and have concerns about sending a child home.

Guiding principles, the seven R's

Receive

- Listen to what is being said, without displaying shock or disbelief
- Accept what is said and take it seriously
- Make a note of what has been said as soon as practicable

Reassure

- Reassure the pupil, but only so far as is honest and reliable
- Don't make promises you may not be able to keep e.g. 'I'll stay with you' or 'everything will be alright now' or 'I'll keep this confidential'
- Do reassure, for example, you could say: 'I believe you', 'I am glad you came to me', 'I am sorry this has happened', 'We are going to do something together to get help'

Respond

- Respond to the pupil only as far as is necessary for you to establish whether or not you need to refer this matter, but do not interrogate for full details
- Do not ask 'leading' questions i.e. 'did he touch your private parts?' or 'did she hurt you?' Such questions may invalidate your evidence (and the child's) in any later prosecution in court
- Do not ask the child why something has happened.
- Do not criticize the alleged perpetrator; the pupil may care about him/her, and reconciliation may be possible
- Do not ask the pupil to repeat it all for another member of staff. Explain what you have to do next and whom you have to talk to. Reassure the pupil that it will be a senior member of staff

Report

- Share concerns with the DSL immediately.
- If you are not able to contact your DSL or the Deputy DSL, and the child is at risk of immediate harm, contact the C-SPA or Police, as appropriate directly
- If you are dissatisfied with the level of response you receive following your concerns, you should press for re-consideration

Record

- If possible make some very brief notes at the time, and write them up as soon as possible
- Keep your original notes on file
- Record the date, time, place, person/s present and noticeable nonverbal behaviour, and the words used by the child. If the child uses sexual 'pet' words, record the actual words used, rather than translating them into 'proper' words
- If appropriate, complete a body map to indicate the position of any noticeable bruising
- Record facts and observable things, rather than your 'interpretations' or 'assumptions'

Remember

- Support the child: listen, reassure, and be available
- Complete confidentiality is essential. Share your knowledge only with appropriate professional colleagues
- Get some support for yourself if you need it

Review (led by DSL)

- Has the action taken provided good outcomes for the child?
- Did the procedure work?
- Were any deficiencies or weaknesses identified in the procedure? Have these been remedied?
- Is further training required?

What happens next?

It is important that concerns are followed up and it is everyone's responsibility to ensure that they are. The member of staff should be informed by the DSL what has happened following a report being made. If they do not receive this information they should seek it out.

If they have concerns that the disclosure has not been acted upon appropriately they might inform the Headteacher or Safeguarding Governor of the school and/or may contact the C-SPA.

Receiving a disclosure can be upsetting for the member of staff and schools should have a procedure for supporting them after the disclosure. This might include reassurance that

they have followed procedure correctly and that their swift actions will enable the allegations to be handled appropriately.

In some cases additional counselling might be needed and staff should be encouraged to recognise that disclosures can have an impact on their own emotions.

Safeguarding concerns and allegations against adults who work with children – referral to the Local Authority Designated Officer (LADO)

Surrey's LADO procedure will be followed where it is alleged that anyone working in the setting that provides education for children under 18 years of age, including supply staff, volunteers and contractors or another adult who works with children has:

- *behaved in a way that has harmed a child, or may have harmed a child;*
- *possibly committed a criminal offence against or related to a child; or*
- *behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children*
- *behaved or been involved in an incident outside of a setting which did not involve children but could impact on their suitability to work with children This includes behaviour that may have happened outside of the setting, that might make an individual unsuitable to work with children, this is known as transferable risk.*

In dealing with allegations or concerns against an adult, staff must:

- Report any concerns about the conduct of any member of staff or volunteer to the Headteacher immediately.
- If an allegation is made against the Headteacher, the concerns need to be raised with the Chair of Governor as soon as possible. If the Chair of Governors is not available, then the LADO should be contacted directly.
- There may be situations when the Headteacher or Chair of Governors will want to involve the police immediately if the person is deemed to be an immediate risk to children or there is evidence of a possible criminal offence.
- Once an allegation has been received by the Headteacher or Chair of Governors they will contact the LADO (as part of their mandatory duty) on 0300123 1650 option 3 LADO
Email: LADO@surreycc.gov.uk immediately and before taking any action or investigation.
- Following consultation with the LADO inform the parents of the allegation unless there is a good reason not to

In liaison with the LADO, the school will determine how to proceed and if necessary the LADO will refer the matter to Children's Social Care and/or the police.

If the matter is investigated internally, the LADO will advise the setting to seek guidance in following procedures set out in part 4 of KCSIE (2022) and the SSCP procedures.

Low-level concerns

The term low-level concern does not mean that it is insignificant. A low-level concern is any concern – no matter how small, and even if no more than causing a sense of unease or a ‘nagging doubt’ - that an adult working in or on behalf of the setting may have acted in a way that:

- is inconsistent with the staff code of conduct, including inappropriate conduct outside of work and
- does not meet the harm threshold or is otherwise not serious enough to consider a referral to the LADO.

The purpose of reporting low-level concerns is to create and embed a culture of openness, trust and transparency in which the setting’s values and expected behaviour set out in the staff code of conduct are lived, monitored and reinforced constantly by all staff.

The setting creates an environment where staff are encouraged and feel confident to self-refer where they have found themselves in a situation.

Reports should be made to the Executive Headteacher in a timely manner. If the Executive Headteacher has any doubt as to whether the information which has been shared about the individual as a low-level concern in fact meets the harm threshold, they will consult with the LADO.

What is child abuse?

The following definitions are taken from *Working Together to Safeguard Children* HM Government (2018). In addition to these definitions, it should be understood that children can also be abused by being sexually exploited, honour based violence, forced marriage or female genital mutilation. To support the local context, all staff have access to the [Surrey Safeguarding Children Partnership Levels of Need Threshold Document](#).

What is abuse and neglect?

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting, by those known to them or, more rarely, by a stranger. They may be abused by an adult or adults, or another child or children.

Physical abuse

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse

The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development.

It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children.

These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another.

It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur in isolation.

Sexual abuse

Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.

The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and

touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including online).

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.

Neglect may occur during pregnancy as a result of maternal substance abuse.

School Graded Care Profile 2 tool to support better identification and intervention in cases of neglect. The Neglect Risk Assessment Tool is available to provide a more detailed information regarding the assessment of neglect.

Indicators of abuse

Neglect

Neglect is a lack of parental care but poverty and lack of information or adequate services can be contributory factors.

Far more children are registered to the category of neglect on Child in Need and Child Protection plans than to the other categories. As with abuse, the number of children experiencing neglect is likely to be much higher than the numbers on the plans.

Neglect is a difficult form of abuse to recognise and is often seen as less serious than other categories. It is, however, very damaging: children who are neglected often develop more slowly than others and may find it hard to make friends and fit in with their peer group.

Neglect is often noticed at a stage when it may not pose a risk to the child. The duty to safeguard and promote the welfare of children (*What to do if You're Worried a Child is Being Abused* DfE 2015) would suggest that an appropriate intervention or conversation at this early stage can address the issue and prevent a child continuing to suffer until it reaches a point when they are at risk of harm or in significant need.

Neglect is often linked to other forms of abuse, so any concerns school staff have should be discussed with the DSL.

Emotional abuse

It is sometimes possible to spot emotionally abusive behaviour from parents and carers to their children, by the way that the adults are speaking to, or behaving towards children. An appropriate challenge or intervention could affect positive change and prevent more intensive work being carried out later

- Emotional abuse is difficult to define, identify/recognise and/or prove.
- Emotional abuse is chronic and cumulative and has a long-term impact.
- All kinds of abuse and neglect have emotional effects although emotional abuse can occur by itself.
- Children can be harmed by witnessing someone harming another person – as in domestic abuse.
- Most harm is produced in low warmth, high criticism homes, not from single incidents.

Physical abuse

Most children collect cuts and bruises quite routinely as part of the rough and tumble of daily life. Clearly, it is not necessary to be concerned about most of these minor injuries. But accidental injuries normally occur on the *bony prominences* – e.g. knees, shins.

Injuries on the *soft* areas of the body are more likely to be inflicted intentionally and should therefore make us more alert to other concerning factors that may be present.

A body map can assist in the clear recording and reporting of physical abuse. The body map should only be used to record observed injuries and no child should be asked to remove clothing by a member of staff of the school.

In the context of the school, it is normal to ask about a noticeable injury. The response to such an enquiry is generally light-hearted and detailed. So, most of all, concern should be increased when:

- the explanation given does not match the injury
- the explanation uses words or phrases that do not match the vocabulary of the child (adults words)
- no explanation is forthcoming
- the child (or the parent/carer) is secretive or evasive
- the injury is accompanied by allegations of abuse or assault

Sexual abuse

The nature of sexual abuse

Sexual abuse is often perpetrated by people who are known and trusted by the child – e.g., relatives, family friends, neighbours, babysitters, and people working with the child in school, faith settings, clubs or activities. Children can also be subject to child sexual exploitation.

Sexual exploitation is seen as a separate category of sexual abuse. The SSCP professional guidance provides school staff with information regarding indicators of CSE.

Characteristics of child sexual abuse:

- it is often planned and systematic – people do not sexually abuse children by accident, though sexual abuse can be opportunistic
- grooming the child – people who abuse children take care to choose a vulnerable child and often spend time making them dependent (this may occur online)
- grooming the child's environment – abusers try to ensure that potential adult protectors (parents and other carers especially) are not suspicious of their motives.

Sexual violence and sexual harassment between children in schools

Child on child

Context

Sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their education attainment as well as their emotional well-being. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and offline (both physically and verbally) and are never acceptable. It is important that all victims are taken seriously and that they will be kept safe.

Reports of sexual violence and sexual harassment are extremely complex to manage. It is essential that victims are protected, offered appropriate support and every effort is made to ensure their education is not disrupted. It is also important that other children, adult students and school staff are supported and protected as appropriate.

Child-on-child abuse is most likely to include, but may not be limited to:

- bullying (including cyberbullying, prejudice-based and discriminatory bullying) abuse in intimate personal relationships between children (sometimes known as ‘teenage relationship abuse’)
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse)
- sexual violence, such as rape, assault by penetration and sexual assault; (this may include an online element which facilitates, threatens and/or encourages sexual violence)
- sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse
- causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- consensual and non-consensual sharing of nude and semi-nude images and/or videos (also known as sexting or youth produced sexual imagery) [UKCIS guidance: Sharing nudes and semi-nudes advice for education settings](#)
- upskirting, which typically involves taking a picture under a person’s clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress, or alarm, and

- initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element).

-

See appendix one for detailed definitions.

Policy

We believe that all children have a right to attend our setting and learn in a safe environment. Children should be free from harm by adults and other children.

We recognise that children are capable of abusing other children and their peers and this will be dealt with under our child protection policy and in line with KCSiE (2022).

We are clear that sexual violence and sexual harassment is not acceptable.

We will minimise the risk of child-on-child abuse by:

- making clear that there is a zero-tolerance approach to sexual violence and sexual harassment, that it is never acceptable, and it will not be tolerated. It will never be passed off as “banter”, “just having a laugh”, “a part of growing up” or “boys being boys”. We believe that failure to do so can lead to a culture of unacceptable behaviour, an unsafe environment and in worst case scenarios a culture that normalises abuse, leading to children accepting it as normal and not coming forward to report it.
- recognising, acknowledging, and understanding the scale of harassment and abuse and that even if there are no reports it does not mean it is not happening, it may be the case that it is just not being reported.
- challenging physical behaviour (potentially criminal in nature) such as grabbing bottoms, breasts and genitalia, pulling down trousers, flicking bras and lifting up skirts. As we believe that dismissing or tolerating such behaviours risks normalising them.

Prevention

Taking a whole school approach to safeguarding & child protection

Providing training to staff

Providing a clear set of values and standards, underpinned by the school’s behaviour policy and pastoral support; and by a planned programme of evidence based content delivered through the curriculum.

Engaging with specialist support and interventions.

Responding to reports of sexual violence and sexual harassment

Children making a report of sexual violence or sexual harassment including “upskirting” (The Voyeurism Offences Act 2019) will be taken seriously, kept safe and be well supported.

If the report includes an online element staff will be mindful of the Searching, Screening and Confiscation: advice for schools guidance.

The key consideration is for staff not to view or forward illegal images of a child. The guidance provides more details on what to do when viewing an image is unavoidable. In some cases, it may be more appropriate to confiscate any devices to preserve any evidence and hand them to the police for inspection
Staff taking the report will inform the DSL or the Deputy DSL immediately.

Staff taking a report will never promise confidentiality.

Parents or carers should usually be informed (unless this would put the child at greater risk).

If a child is at risk of harm, is in immediate danger, or has been harmed, a Request for Support will be made to the C-SPA securely email: cspa@surreycc.gov.uk or telephone 0300 470 9100, as appropriate.

Risk Assessment:-

Following a report the DSL will make an immediate risk and needs assessment on a case-by-case basis.

The risk assessment will consider;

The victim, especially their protection and support.

The alleged perpetrator, their support needs and any discipline action.

All other children at the school.

The victim and the alleged perpetrator sharing classes and space at school.

The risk assessment will be recorded and kept under review.

Where there has been other professional intervention and/or other specialist risk assessments, these professional assessments will be used to inform the school's approach to supporting and protecting pupils.

Support regarding risk assessments can be accessed from the [Education Safeguarding Team – education.safeguarding@surreycc.gov.uk](mailto:education.safeguarding@surreycc.gov.uk)

Action:

It is essential that all victims are reassured that they are being taken seriously, regardless of how long it has taken them to come forward, and that they will be supported and kept safe. Abuse that occurs online or outside of the setting should not be downplayed and

should be treated equally seriously. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report. It is important to explain that the law is in place to protect children rather than criminalise them, and this should be explained in such a way that avoids alarming or distressing them.

The DSL will consider:-

The wishes of the victim.

The nature of the incident including whether a crime has been committed and the harm caused.

Ages of the children involved.

Developmental stages of the children.

Any power imbalance between the children.

Any previous incidents.

Ongoing risks.

Other related issues or wider context.

Confidentiality:

The victim may ask the setting not to tell anyone about the sexual violence or sexual harassment. If the victim does not give consent to share information, staff may still lawfully share it, if there is another legal basis under the UK GDPR that applies. The DSL should consider:

- parents or carers should normally be informed (unless this would put the victim at greater risk)
- the basic safeguarding principle is: if a child is at risk of harm, is in immediate danger, or has been harmed, a referral should be made to local authority children's social care, and
- rape, assault by penetration and sexual assaults are crimes. Where a report of rape, assault by penetration or sexual assault is made, this should be referred to the police. Whilst the age of criminal responsibility is ten, if the alleged perpetrator is under ten, the starting principle of referring to the police remains. The police will take a welfare, rather than a criminal justice approach, in these cases.

The DSL will have to balance the victim's wishes against their duty to protect the victim and other children.

Options:

- Manage internally
- Early help intervention
- Request for support to the C-SPA
- Report to the Police (generally in parallel with a request for support to the C-SPA)

All concerns, discussions, decisions and reasons for decision will be recorded

Ongoing Response:

The DSL will manage each case individually and will ensure the risk assessment is reviewed regularly with relevant partner agencies, for example the Police and Children's Social Care.

Where there is a criminal investigation into a rape, assault by penetration or sexual assault, the alleged perpetrator should be removed from any classes they share with the victim.

The DSL will consider how best to keep the victim and perpetrator a reasonable distance apart on school premises and on transport where appropriate.

Where a criminal investigation into a rape or assault by penetration leads to a conviction or caution, the school will take suitable action. In all but the most exceptional of circumstances, the rape or assault is likely to constitute a serious breach of discipline and may lead to the view that allowing the perpetrator to remain in the same school would seriously harm the education or welfare of the victim (and potentially themselves and other pupils).

Where a criminal investigation into sexual assault leads to a conviction or caution, the school will, if it has not already, consider any suitable sanctions in light of their behaviour policy, which may include consideration of permanent exclusion. Where the perpetrator is going to remain at the school, the Headteacher should continue keeping the victim and perpetrator in separate classes and continue to consider the most appropriate way to manage potential contact on school premises and transport. The nature of the conviction or caution and wishes of the victim will be especially important in determining how to proceed in such cases.

The victim, alleged perpetrator and any other children & adults affected will receive appropriate support and safeguards on a case-by-case basis.

The school will take any disciplinary action against the alleged perpetrator in accordance with the school behaviour policy.

The school recognises that taking disciplinary action and providing appropriate support are not mutually exclusive actions and will occur at the same time if necessary.

Physical Abuse

While a clear focus of peer on peer /child on child abuse is around sexual abuse and harassment, physical assaults and initiation violence and rituals from pupils to pupils can also be abusive.

These are equally not tolerated and if it is believed that a crime has been committed, will be reported to the police.

The principles from the anti-bullying policy will be applied in these cases, with recognition that any police investigation will need to take priority.

Harmful Sexual Behaviour

Children's sexual behaviour exists on a wide continuum, ranging from normal and developmentally expected to inappropriate, problematic, abusive and violent. Problematic, abusive and violent sexual behaviour is developmentally inappropriate and may cause developmental damage. HSB can occur online and/or face-to-face and can also occur simultaneously between the two. HSB will be considered in a child protection context.

The Brook Traffic Light Tool uses a traffic light system to categorise the sexual behaviours of young people and is designed to help professionals:

- Make decisions about safeguarding children and young people
- Assess and respond appropriately to sexual behaviour in children and young people
- Understand healthy sexual development and distinguish it from harmful behaviour

By categorising sexual behaviours, the school can work with other agencies to the same standardised criteria when making decisions and can protect children and young people with a multi-agency approach.

The school recognises that it is vital that professionals agree on how behaviours should be categorised regardless of culture, faith, beliefs, and their own experiences or values.

Brook sexual behaviours traffic light tool

Behaviours: age 0 to 5

All green, amber and red behaviours require some form of attention and response. It is the level of intervention that will vary.

What is a green behaviour?

Green behaviours reflect safe and healthy sexual development. They are displayed between children or young people of similar age or developmental ability. They are reflective of natural curiosity, experimentation, consensual activities and positive choices

What can you do?

Green behaviours provide opportunities to give positive feedback and additional information.

Green behaviours

- holding or playing with own genitals
- attempting to touch or curiosity about other children's genitals
- attempting to touch or curiosity about breasts, bottoms or genitals of adults
- games e.g. mummies and daddies,
- doctors and nurses
- enjoying nakedness
- interest in body parts and what they do
- curiosity about the differences between boys and girls

What is an amber behaviour?

Amber behaviours have the potential to be outside of safe and healthy behaviour. They may be of potential concern due to age, or developmental differences. A potential concern due to activity type, frequency, duration or context in which they occur.

What can you do?

Amber behaviours signal the need to take notice and gather information to assess the appropriate action.

Amber behaviours

- preoccupation with adult sexual behaviour
- pulling other children's pants down/skirts up/trousers down against their will
- talking about sex using adult slang
- preoccupation with touching the genitals of other people
- following others into toilets or changing rooms to look at them or touch them
- talking about sexual activities seen on TV/online

What is a red behaviour?

Red behaviours are outside of safe and healthy behaviour. They may be excessive, secretive, compulsive, coercive, degrading or threatening and involving significant age, developmental, or power differences. They may pose a concern due to the activity type, frequency, duration or the context in which they occur

What can you do?

Red behaviours indicate a need for immediate intervention and action.

Red behaviours

- persistently touching the genitals of other children
- persistent attempts to touch the genitals of adults
- simulation of sexual activity in play
- sexual behaviour between young children involving penetration with objects
- forcing other children to engage in sexual play

This is intended to be used as a guide only. Please refer to the guidance tool at <https://www.brook.org.uk/our-work/the-sexual-behaviours-traffic-light-tool> for further information

Print date: 01/10/2015 - Brook has taken every care to ensure that the information contained in this publication is accurate and up-to-date at the time of being published. As information and knowledge is constantly changing, readers are strongly advised to use this information for up to one month from print date. Brook accepts no responsibility for difficulties that may arise as a result of an individual acting on the advice and recommendations it contains.

Brook sexual behaviours traffic light tool adapted from Family Planning Queensland. (2012). Traffic Lights guide to sexual behaviours. Brisbane: Family Planning Queensland, Australia.

Behaviours: age 5 to 9 and 9 to 13

All green, amber and red behaviours require some form of attention and response. It is the level of intervention that will vary.

What is a green behaviour?

Green behaviours reflect safe and healthy sexual development. They are displayed between children or young people of similar age or developmental ability and reflective of natural curiosity, experimentation, consensual activities and positive choices

What can you do?

Green behaviours provide opportunities to give positive feedback and additional information.

Green behaviours 5-9

- feeling and touching own genitals
- curiosity about other children's genitals
- curiosity about sex and relationships, e.g. differences between boys and girls, how sex happens, where babies come from, same-sex relationships
- sense of privacy about bodies
- telling stories or asking questions using swear and slang words for parts of the body

Green behaviours 9-13

- solitary masturbation
- use of sexual language including swear and slang words
- having girl/boyfriends who are of the same, opposite or any gender
- interest in popular culture, e.g. fashion, music, media, online games, chatting online
- need for privacy
- consensual kissing, hugging, holding hands with peers

What is an amber behaviour?

Amber behaviours have the potential to be outside of safe and healthy behaviour. They may be of potential concern due to age, or developmental differences. A potential concern due to activity type, frequency, duration or context in which they occur.

What can you do?

Amber behaviours signal the need to take notice and gather information to assess the appropriate action.

Amber behaviours 5-9

- questions about sexual activity which persist or are repeated frequently, despite an answer having been given
- sexual bullying face to face or through texts or online messaging
- engaging in mutual masturbation
- persistent sexual images and ideas in talk, play and art
- use of adult slang language to discuss sex

Amber behaviours 9-13

- uncharacteristic and risk-related behaviour, e.g. sudden and/or provocative changes in dress, withdrawal from friends, mixing with new or older people, having more or less money than usual, going missing
- verbal, physical or cyber/virtual sexual bullying involving sexual aggression
- LGBT (lesbian, gay, bisexual, transgender) targeted bullying
- exhibitionism, e.g. flashing or mooning
- giving out contact details online
- viewing pornographic material
- worrying about being pregnant or having STIs

What is a red behaviour?

Red behaviours are outside of safe and healthy behaviour. They may be excessive, secretive, compulsive, coercive, degrading or threatening and involving significant age, developmental, or power differences. They may pose a concern due to the activity type, frequency, duration or the context in which they occur

What can you do?

Red behaviours indicate a need for immediate intervention and action.

Red behaviours 5-9

- frequent masturbation in front of others
- sexual behaviour engaging significantly younger or less able children
- forcing other children to take part in sexual activities
- simulation of oral or penetrative sex
- sourcing pornographic material online

Red behaviours 9-13

- exposing genitals or masturbating in public
- distributing naked or sexually provocative images of self or others
- sexually explicit talk with younger children
- sexual harassment
- arranging to meet with an online acquaintance in secret
- genital injury to self or others
- forcing other children of same age, younger or less able to take part in sexual activities
- sexual activity e.g. oral sex or intercourse
- presence of sexually transmitted infection (STI)
- evidence of pregnancy

As information and knowledge is constantly changing, readers are strongly advised to use this information for up to one month from print date. Brook accepts no responsibility for difficulties that may arise as a result of an individual acting on the advice and recommendations it contains.

Brook sexual behaviours traffic light tool adapted from Family Planning Queensland. (2012). Traffic Lights guide to sexual behaviours. Brisbane: Family Planning Queensland, Australia.

Anti-Bullying/Cyberbullying

Our school policy on anti-bullying is set out in a separate document and acknowledges that to allow or condone bullying may lead to consideration under child protection procedures.

We keep a record of known bullying incidents which is shared with, and analysed by the governing body. All staff are aware that children with SEND and/or children who identify as Lesbian, Gay, Bisexual or Transgender (LGBT) are more susceptible to being bullied/victims of child abuse.

The fact that a child or a young person may be LGBT is not in itself an inherent risk factor for harm. However, children who are LGBT can be targeted by other children. In some cases, a child who is perceived by other children to be LGBT (whether they are or not) can be just as vulnerable as children who identify as LGBT.

Risks can be compounded where children who are LGBT lack a trusted adult with whom they can be open. It is therefore vital that staff endeavour to reduce the additional barriers faced, and provide a safe space for them to speak out or share their concerns with members of staff.

When there is 'reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm' a bullying incident should be addressed as a child protection concern. If the anti-bullying procedures are seen to be ineffective, the Headteacher and the DSL will also consider child protection procedures.

PSED education regularly provides opportunities for children to understand bullying is wrong, its impact and how to deal with it.

Online Safety/Cybercrime

The school has an online safety policy which explains how we try to keep pupils safe in school and how we respond to online safety incidents.

Children increasingly use electronic equipment on a daily basis to access the internet, share and view content and images via social media sites such as Facebook, twitter, Instagram, snapchat and voodoo and for online gaming.

Some adults and other children use these technologies to harm children. The harm might range from sending hurtful or abusive texts or emails, to grooming and enticing children to engage in extremist or sexual behaviour such as webcam photography or face-to-face meetings.

Pupils may also be distressed or harmed by accessing inappropriate material such as pornographic websites or those which promote extremist behaviour, criminal activity, suicide or eating disorders

Pupils are taught about online safety throughout the curriculum and all staff receive online safety training which is regularly updated. The online safety coordinator is the Executive Headteacher.

Racist Incidents

Our policy on racist incidents is set out separately, and acknowledges that repeated racist incidents or a single serious incident may lead to consideration under child protection procedures. We keep a record of racist incidents.

Radicalisation, Extremism and Terrorism

The Prevent Duty for England and Wales (2015) under section 26 of the Counter-Terrorism and Security Act 2015 places a duty on education and other children's services to have due regard to the need to prevent people from being drawn into terrorism.

Extremism is defined as 'vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs'. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.

Radicalisation refers to 'the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups'.

Terrorism is an action that endangers or causes serious violence to a person/people; causes serious violence to a person/people; causes serious damage to property; or seriously interferes with an electronic system. The use or threat **must** be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

Some children are at risk of being radicalised; adopting beliefs and engaging in activities which are harmful, criminal or dangerous. This can happen both online and offline.

The school is clear that exploitation of vulnerable children and radicalisation should be viewed as a safeguarding concern and follows the Department for Education guidance for schools and childcare providers on preventing children and young people from being drawn into terrorism.

It is possible to protect vulnerable people from extremist ideology and intervene to prevent those at risk of radicalisation being radicalised. As with other safeguarding risks, staff should be alert to changes in children's behaviour, which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the DSL making a Prevent referral.

The DSL should report concerns that a child may be at risk of radicalisation or involvement in terrorism, use the [Prevent referral form](#) to refer cases by e-mail to preventreferrals@surrey.pnn.police.uk . If the matter is urgent then Police must be contacted by dialling 999. In cases where further advice from the Police is sought dial 101 or 01483 632982 and ask to speak to the Prevent Supervisor for Surrey. The DfE has also set up a dedicated telephone helpline for staff and Governors to raise concerns around Prevent (020 7340 7264).

Opportunities are provided in the curriculum to enable children to discuss issues of religion, ethnicity and culture and the setting promotes British Values.

The setting's Governors, the Headteacher and the DSL will assess the level of risk within the setting and put actions in place to reduce that risk. Risk assessment may include, due diligence checks for external speakers and private hire of facilities, anti-bullying policy and other issues specific to the setting's profile, community and philosophy.

Although not a cause for concern on their own, possible indicators when taken into consideration alongside other factors or context may be a sign of being radicalised.

Further information and a list of such indicators can be found at [Radicalisation and Extremism - Examples and Behavioural Traits \(educateagainsthate.com\)](https://www.educateagainsthate.com)

Domestic Abuse

Domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. That abuse can be, but is not limited to, psychological, physical, sexual, financial or emotional. It occurs regardless of race, ethnicity, gender, class, sexuality, age, religion, mental or physical ability. Children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long-term impact on their health, well-being, development, and ability to learn.

Domestic Abuse Act received Royal Assent on 29 April 2021. The Act introduces the first ever statutory definition of domestic abuse and recognises the impact of domestic abuse on children, as victims in their own right, if they see, hear or experience the effects of abuse. The statutory definition of domestic abuse, based on the previous cross-government definition, ensures that different types of relationships are captured, including ex-partners and family members. The definition captures a range of different abusive behaviours, including physical, emotional and economic abuse and coercive and controlling behaviour. Both the person who is carrying out the behaviour and the person to whom the behaviour is directed towards must be aged 16 or over and they must be “personally connected” (as defined in section 2 of the 2021 Act).

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Experiencing domestic abuse can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

~~The setting is enrolled onto the Operation Encompass scheme, a joint project between Surrey Police, Surrey Domestic Abuse Service and Surrey settings. The system ensures that when the police are called to an incident of domestic abuse, where there are children in the household who have experienced the domestic incident, the police will inform the DSL in the setting before the child or children arrive at the setting the following day. This ensures that the setting has up to date relevant information about the child's circumstances and can enable immediate support to be put in place, according to the child's needs.~~

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The DSL is aware of contact details and referral routes into the Local Housing Authority so they can raise/progress concerns at the earliest opportunity.

Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Both CSE and CCE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.

Child Sexual Exploitation (CSE)

CSE is a form of child sexual abuse. CSE can occur over time or be a one-off occurrence and may happen without the child's immediate knowledge for example through others sharing videos or images of them on social media. CSE can affect any child who has been coerced into engaging in sexual activities. This includes 16 and 17 year olds who can legally consent to have sex. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence.

Any concerns that a child is being or is at risk of being sexually exploited should be passed immediately to the DSL.

The setting is aware there is a clear link between regular non-attendance and CSE. Staff will consider a child to be at potential CSE risk in the case of regular non-attendance at and make reasonable enquiries with the child and parents/carers to assess this risk.

All staff are aware that safeguarding incidents and/or behaviours can be associated with factors outside the setting and/or can occur between children outside of these environments. All staff, but especially the DSL will consider whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence.

In all cases if the DSL identifies any level of concern the DSL should contact the C-SPA and if a child is in immediate danger the Police should be called on 999.

The setting is aware that often a child is not able to recognise the coercive nature of the abuse and does not see themselves as a victim. As a consequence, the child may resent what they perceive as interference by staff. However, staff must act on their concerns as they would for any other type of abuse. Children also rarely self-report CSE so staff must be particularly vigilant to potential indicators of risk.

Child Criminal Exploitation (CCE)

Some specific forms of CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting, or pickpocketing. They can also be forced or manipulated into committing vehicle crime or threatening/committing serious violence to others.

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs using dedicated mobile phone lines or other form of "deal line". Children are exploited to move, store and sell drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims.

Children can become trapped by this type of exploitation, as perpetrators can threaten victims (and their families) with violence or entrap and coerce them into debt.

Any concerns that a child is being or is at risk of being criminally exploited will be passed without delay to the DSL. The DSL will then contact the C-SPA and if there is concern about a child's immediate safety, the Police will be contacted on 999.

The setting is aware there is a clear link between regular non-attendance at setting and exploitation. Staff will consider a child to be at potential risk in the case of regular non-attendance at setting and make reasonable enquiries with the child and parents/carers to assess this risk.

Serious Violence

There are a number of indicators, which may signal children are at risk from, or are involved with, serious violent crime. These may include:

- increased absence from the setting
- a change in friendships or relationships with older individuals or groups
- a significant decline in performance
- signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries
- Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation.

Staff are aware that violence can often peak in the house just before and after the children attend the setting which includes travelling to and from the setting.

Modern Slavery

Modern slavery encompasses human trafficking and slavery, servitude and forced or compulsory labour. Exploitation can take many forms, including: sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs.

Female Genital Mutilation (FGM)

FGM is illegal in England and Wales under the FGM Act (2003). It is a form of child abuse and violence against women. A mandatory reporting duty, requires teachers to report directly and immediately to the Police 101 where they either:

- Are informed by a girl under 18 that an act of FGM has been carried out on her; or
- Observe physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe that the act was necessary for the girl's physical or mental health or for the purposes connected with labour or birth.

The duty applies to all persons who are employed or engaged to carry out 'teaching work' whether or not they have qualified teacher status.

The duty applies to the individual who becomes aware of the case to make a report. It should not be transferred to the DSL; however, the DSL should be informed.

Setting staff are trained to be aware of risk indicators of FGM.

Concerns about FGM outside of the mandatory reporting duty should be reported using the setting's Safeguarding and Child protection procedures. Staff should be particularly alert to suspicions or concerns expressed by female children about going on a long holiday during the summer holiday.

There should also be consideration of potential risk to other girls in the family and the wider community. Where there is a risk to life or likelihood of serious immediate harm the teacher should report the case immediately to the Police by calling 999.

There are no circumstances in which a member of staff should examine a girl.

Forced Marriage

A forced marriage is a marriage in which one or both people do not (or in cases of people with learning disabilities cannot) consent to the marriage but are coerced into it. Coercion may include physical, psychological, financial, sexual and emotional pressure. It may also involve physical or sexual violence and abuse.

Forced marriage is recognised in the UK as a form of violence against women and men, domestic/child abuse and a serious abuse of human rights. Since June 2014 forcing someone to marry has become a criminal offence in England and Wales under the Anti-Social Behaviour, Crime and Policing Act 2014.

A forced marriage is not the same as an arranged marriage which is common in many cultures. The families of both spouses take a leading role in arranging the marriage but the choice of whether or not to accept the arrangement remains with the prospective spouses.

School staff should never attempt to intervene directly as a school or through a third party. Contact should be made with the C-SPA and/or the Forced Marriage Unit 200 7008 0151.

Honour-based Abuse

Honour based abuse (HBA) can be described as a collection of practices, which are used to control behaviour within families or other social groups to protect perceived cultural and religious beliefs and/or honour. Such violence can occur when perpetrators perceive that a relative has shamed the family and/or community by breaking their honour code.

Honour based abuse might be committed against people who:

- become involved with a boyfriend or girlfriend from a different culture or religion;
- want to get out of an arranged marriage; become involved with a boyfriend or girlfriend from a different culture or religion;
- want to get out of an arranged marriage;
- want to get out of a forced marriage
- wear clothes or take part in activities that might not be considered traditional within a particular culture

It is considered a violation of human rights and may be a form of domestic and/or sexual abuse.

One Chance Rule

All staff are aware of the 'One Chance' Rule' in relation to forced marriage, FGM and HBA. Staff recognise they may only have one chance' to speak to a child who is a potential victim and have just one chance to save a life.

The school is aware that if the victim is not offered support following disclosure that the 'One Chance' opportunity may be lost. Therefore, all staff are aware of their responsibilities and obligations when they become aware of potential forced marriage, FGM and HBA cases.

Private Fostering Arrangements

A private fostering arrangement occurs when someone other than a parent or close relative cares for a child for a period of 28 days or more, with the agreement of the child's parents. It applies to children under the age of 16 years old or 18 years old if the child is disabled.

Children looked after by the local authority or who are placed in residential schools, children's homes or hospitals are not considered to be privately fostered.

Private fostering occurs in all cultures and children may be privately fostered at any age.

The school recognises that most privately fostered children remain safe and well but are aware that safeguarding concerns have been raised in some cases. Therefore, all staff are alert to possible safeguarding issues, including the possibility that the child has been trafficked into the country.

By law, a parent, private foster carer or other persons involved in making a private fostering arrangement must notify Children's Social Care immediately. However, where a member of staff becomes aware that a pupil may be in a private fostering arrangement they will raise this with the DSL and the DSL will notify the C-SPA immediately.

Looked after children and Previously looked after children

The most common reason for children becoming looked after is as a result of abuse and neglect.

The school ensures that staff have the necessary skills and understanding to keep looked after children safe. Appropriate staff have information about a child's looked after legal status and care arrangements, including the level of authority delegated to the carer by the authority looking after the child and contact arrangements with birth parents or those with parental responsibility.

A previously looked after child potentially remains vulnerable and all staff should have the skills, knowledge and understanding to keep previously looked after children safe. When dealing with looked after children and previously looked after children, it is important that all agencies work together and prompt action is taken when necessary to safeguard these children, who are a particularly vulnerable group.

The designated teacher and governor for children looked after will have the appropriate level training to equip them with the knowledge and skills to undertake their role.

The designated teacher for children looked after and the DSL have details of the child's social worker and the name and contact details of the Surrey County Council's Head of Virtual School.

Children with special educational needs and disabilities or health issues

Children with SEND or certain medical or physical health conditions can face additional safeguarding challenges both online and offline. These can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration
- these children being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children
- the potential for children with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- communication barriers and difficulties in managing or reporting these challenges.
- cognitive understanding – being unable to understand the difference between fact and fiction in online content and then repeating the content/behaviours in settings or the consequences of doing so

Any reports of abuse will require close liaison with the DSL and the SENDCO. The setting will consider extra pastoral support and attention for these children, along with ensuring any appropriate support for communication is in place.

Children Missing Education

All children, regardless of their circumstances, are entitled to an efficient, full time education which is suitable to their age, ability, aptitude and any special educational needs they may have.

The school recognises that children missing education are at significant risk of underachieving, being victims of abuse and harm, exploitation or radicalisation, and becoming NEET (not in education, employment or training) later in life.

Where possible the school will hold more than one emergency contact number for each pupil.

The school will ensure that there is a record of joiners and leavers as defined in The Education (Pupil Registration) (England) 2006.

When removing a child's name, the school will notify the Local Authority of: (a) the full name of the child, (b) the full name and address of any parent with whom the child normally resides, (c) at least one telephone number of the parent, (d) the child's future address and destination school, if applicable, and (e) the ground in regulation 8 under which the child's name is to be removed from the school register.

The school will make reasonable enquiries to establish the whereabouts of a child jointly with the Local Authority, before deleting the child's name from the school register if the deletion is under regulation 8(1), sub-paragraphs (f) (iii) and (h) (iii) of The Education (Pupil Registration) (England) 2006.

The school will:

- Enter pupils on the admissions register on the first day on which the school has agreed, or has been notified, that the pupil will attend the school.
- Notify the Local Authority within five days of adding a child's name to the admission register. The notification must include all the details contained in the admission register for the new pupil.
- Monitor each child's attendance through their daily register and follow the SCC procedure in cases of unauthorised absence.

- Remove a child's name from the admissions register on the date that the child leaves the school.
- The school will notify the Local Authority when they are about to remove a child's name from the school register under any of the fifteen grounds listed in the regulations, no later than the date that the child's name is due to be removed.
- Where parents notify the school, in writing, of their intention to electively home educate the school will forward a copy of the letter to the Education Inclusion Team. Where parents orally indicate that they intend to withdraw their child to be home educated and no letter has been received, the school will not remove the child from roll and will notify the Education Inclusion Team at the earliest opportunity.

Pupils Missing Out on Education

Most children engage positively with school and attend regularly. However, in order to flourish, some children require an alternative education offer or may require a modified timetable to support a return to full time education provision. It is recognised that children accessing alternative provision or a reduced or modified timetable may have additional vulnerabilities. Ofsted refer to these as Pupils Missing Out On Education (PMOOE), because they are not accessing their education in school in the 'usual way'.

The school will gain consent (if required in statute) from parents to put in place alternative provision and/or a reduced or modified timetable

The school will ensure that and parents (and the local authority where the pupil has an EHCP) are given clear information about alternative provision placements and reduced or modified timetables: why, when, where, and how they will be reviewed;

The school will keep the placement and timetable under review and involve parents in the review. Reviews will be frequent enough to provide assurance that the off-site education and/or modified timetable is achieving its objectives and that the pupil is benefitting from it;

The school will monitor and track children attending alternative provision to ensure that the provision meets the needs of the child

The school will comply with regular data returns requested by the Local Authority, regarding all pupils, of statutory school age, attending alternative provision and/or on a reduced or modified timetable.

The school leadership will report to governors of any formal direction of a pupil to alternative provision to improve behaviour.

The school leadership will report to governors information regarding the use and effectiveness of the use of alternative provision and modified timetables.

School Attendance and Behaviour

Additional policies and procedures are in place regarding school attendance and behaviour.

The school recognises that absence from school and exclusion from school may be indicators of abuse and neglect, including the exploitation of children. The DSL will regularly liaise with members

of school staff with responsibility for behaviour and attendance to ensure risk is identified and appropriate intervention is in place to protect children from harm.

The school will work in partnership with Surrey Police and other partners for reporting children that go missing from the school site during the school day. Staff will be alert to signs of children at risk of travelling to conflict zones, female genital mutilation and forced marriage.

Restrictive Physical Intervention

We acknowledge that staff must only ever use physical intervention as a last resort, when a child is at immediate risk of harming him/herself or others, and that at all times it must be the minimal force necessary to prevent injury to another person. Such events should be fully recorded and signed by a witness.

Staff who are likely to need to use physical intervention will be appropriately trained in Crisis Prevention Institute (CPI) techniques.

Staff understand that physical intervention of a nature which causes injury or distress to a child may be considered under child protection and/or disciplinary procedures.

We recognise that touch is appropriate in the context of working with children, and all staff have been given 'Safe Practice' guidance to ensure they are clear about their professional boundaries.

When applying disciplinary measures such as physical intervention or isolation for children with SEND the school will consider the risks, given the additional vulnerabilities of these children.

Whistle-blowing

We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so.

All staff should be aware of their duty to raise concerns, where they exist, about the management of child protection, which may include the attitude or actions of colleagues, poor or unsafe practice and potential failures in the school's safeguarding arrangements. If it becomes necessary to consult outside the school, they should speak in the first instance, to the Area Schools Officer or LADO in accordance with the Whistleblowing Policy.

The NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally or have concerns about a way a concern is being handled by their school. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk.

Staff can call external, independent and confidential service provided by Navex Global, on their freephone number 0800 069 8180.

Whistle-blowing regarding the Headteacher should be made to the Chair of the Governing Body whose contact details are available to staff.

Appendix one:

Sexual violence

It is important that settings are aware of sexual violence and the fact children can, and sometimes do, abuse other children in this way and that it can happen both inside and outside of setting. When referring to sexual violence in this advice, we do so in the context of child-on-child sexual violence.

When referring to sexual violence we are referring to sexual offences under the Sexual Offences Act 2003 as described below:

Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.

Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.

Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents. (NOTE- Settings should be aware that sexual assault covers a very wide range of behaviour so a single act of kissing someone without consent, or touching someone's bottom/breasts/genitalia without consent, can still constitute sexual assault.)

Causing someone to engage in sexual activity without consent: A person (A) commits an offence if: s/he intentionally causes another person (B) to engage in an activity, the activity is sexual, B does not consent to engaging in the activity, and A does not reasonably believe that B consents. (NOTE – this could include forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.)

What is consent?

Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.

- a child under the age of 13 can never consent to any sexual activity
- the age of consent is 16
- sexual intercourse without consent is rape.

Further information about consent can be found here: [Rape Crisis England & Wales - Sexual consent.](#)

Sexual harassment

When referring to sexual harassment we mean 'unwanted conduct of a sexual nature' that can occur online and offline and both inside and outside of the setting. When we reference sexual harassment, we do so in the context of child-on-child sexual harassment. Sexual harassment is

likely to: violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.

Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names
- sexual "jokes" or taunting
- physical behaviour, such as: deliberately brushing against someone, interfering with someone's clothes. Settings should be considering when any of this crosses a line into sexual violence – it is important to talk to and consider the experience of the victim.
- displaying pictures, photos or drawings of a sexual nature
- upskirting (this is a criminal offence), and
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence. It may include:

- consensual and non-consensual sharing of nude and semi-nude images and/or videos. Taking and sharing nude photographs of U18s is a criminal offence. UKCIS Sharing nudes and semi-nudes: advice for education settings
- sharing of unwanted explicit content
- sexualised online bullying
- unwanted sexual comments and messages, including, on social media
- sexual exploitation; coercion and threats, and
- coercing others into sharing images of themselves or performing acts they're not comfortable with online.

It is important that settings consider sexual harassment in broad terms. Sexual harassment (as set out above) creates a culture that, if not challenged, can normalise inappropriate behaviours and provide an environment that may lead to sexual violence.
